Project Proposal (Proposed Solution) Report

Section	Details
Objective	To import employee data from a spreadsheet into the Skill Wallet system efficiently and accurately.
Scope	Import spreadsheet data into a custom table, validate the data, and maintain accurate employee records.
Problem Statement	Manual data entry is time-consuming and may lead to incorrect or duplicate employee records.
Impact	Spreadsheet import reduces manual work and improves data accuracy and consistency.
Proposed Solution – Approach	Use the ServiceNow import functionality to upload spreadsheet data and map it to the required fields.
Key Features	Spreadsheet data import, field mapping, data validation, duplicate checking and record creation.
Expected Result	Employee records are successfully imported into the Skill Wallet system with accurate and validated data.
